

DDG-S WHEAT PELLET FOR BEEF CATTLE AND LAMBS

PRODUCT DESCRIPTION

- * Formulated from dried distillers' grains and syrups (DDG-S), with the addition of super soluble wheat proteins and starches.
- * An extremely palatable brown pellet with rich fermented odour.
- * Pellet size is 6mm
- * Free of any genetically modified organisms.

PROTEIN & ENERGY

- * Contains 21% crude protein, with 80% of this rumen-degradable for an excellent source of soluble protein.
- * Combines high levels of metabolisable energy (derived from glucose, maltose, maltotriose, saccharides, glycerol and wheat starch) with a modest amount of fat from wheat.

PRODUCT FEATURES & UNIQUE BENEFITS

- * Extremely palatable to beef cattle and lambs.
- * Assists in promoting better rumen health.
- * Increased daily average weight gain.

FEEDING RECOMMENDATIONS

- * Safe to feed all ruminants.
- * Feed should be offered daily in clean troughs or other suitable feeding systems.
- * Adequate roughage should be available.
- * Fresh clean water should always be available.
- * It is recommended that independent advice is considered when feeding supplements.

IMPORTANT INFORMATION

Do NOT allow dogs, horses or other equines to access feed containing ionophores as ingestion may be fatal.

TYPICAL ANALYSIS (DM BASIS)	
Crude Protein	21%
Neutral Detergent Fibre	30%
Non-Fibre Carbohydrates	32%
Starch	15%
Fat	6%
Metabolisable Energy	13MJ/kg

TYPICAL	
Calcium	1.4%
Phosphorus	0.72%
Potassium	1.2%
Magnesium	0.31%
Iron	177ppm
Zinc	41ppm
Manganese	113ppm
Molybdenum	0.6ppm

STORAGE

DDG-S Wheat Pellets should be stored in a clean and dry environment free of rodent and insect infestations.
